on Grain Mate

REAL-TIME PRICING

View live pricing in Grain Mate for all LDC storage sites, third party bulk handlers, private storage providers and delivered end-user pricing. Transfer stockholdings straight to live cash prices or easily lock in a contract price for future delivery. Grain Mate also allows personalisation of pricing preferences by the grower by site, grade and season.

STORAGE SITE INFORMATION

Grain Mate has easy to access LDC site contact details, site opening times, site grade segregations and real-time updates on the current truck turnaround processing times.

PRODUCTION FORECASTS & PRICE ALERTS

Growers can enter and track their production forecasts in Grain Mate and manage their marketing intentions. Growers can enter their desired prices for different parcels of grain and automatically receive Price Alert notifications via email or SMS when that price is reached.

CONTRACT DOCUMENTATION

Grain Mate stores all historical contract information with the ability to download all contract documents and transfer grain to any unfulfilled contracts with LDC.

PAYMENT PAPERWORK

All historical payment information is available on Grain Mate and all Payment Summaries and Tax Invoices are available for download.

ONLINE CONTRACTING OR CALLBACK REQUESTS

Contract grain easily through Grain Mate by clicking on the SELL button next to the grade and price or request a call back relating to that price from the grower's Grain Merchant.

ACCOUNT

View account and contact details, NGR and payee details and update subscription preferences.

ACCESS ANYWHERE ANYTIME

Grain Mate is mobile optimised and allows easy log in on any Smart Phone, Tablet or Desktop computer. Broker and consultant access is also available to Grain Mate.
