

# Welcome to the LDC Claypool Soybean Crush Facility

## General Rules

**No use of tobacco on the facility premises.**

When Probe Station is **closed** look to LED sign to the right that will read "Probe Station closed, proceed to Bean Scale Building."

**10 MPH**  
Observe all facility traffic signs.

2020-09-21

## Deliveries

- ▶ If this is your first time here, please proceed to the East Lane for an RFTag. Otherwise, you may proceed to either available lane.
- ① Position truck so driver's window is at the SmartTalk Box.
- ② After truck is probed and load info entered, a green light will appear and driver should proceed (see **Bean Scale Building**, below).

## Bean Scale Building

- ▶ Position truck at SmartTalk box.
- ▶ LED Sign will read SCALE IN MOTION, then WEIGHING, then WEIGHTTAKEN. You will be directed to the correct dump location – either PIT PLANT or PIT BARN.
- ▶ PIT PLANT – proceed to the right and back to the facility.
- ▶ PIT BARN – proceed to the left and north to the barns (see below).

## Pit Barn Dumping

**!** When driving to the Pit Barn dump, **STOP** at road intersection and yield to incoming and outgoing traffic.

- ▶ Please observe facility traffic signs and 10 MPH speed limit.
- ▶ At the Barn Pit, please position both hoppers over the grating to dump.
- ▶ Open and clear the first hopper then open and clear the second hopper.
